GSA SCHEDULE 70

SIN 132-51 - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

FPDS Code D301 IT Facility Operation and Maintenance
FPDS Code D302 IT Systems Development Services
FPDS Code D306 IT Systems Analysis Services
FPDS Code D307 Automated Information Systems Design and Integration Services
FPDS Code D308 Programming Services
FPDS Code D310 IT Backup and Security Services
FPDS Code D316 IT Network Management Services

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

Contract Number: GS-35F-437AA
Period Covered by Contract: 7-2-2013 through 7-1-2018
Pricelist current through Modification _____ dated _____.

1c. DESCRIPTION OF IT SERVICES AND PRICING

Commercial Job Title: **Computer Operations Manager** **Rate: \$92.81**

Minimum/General Experience: This position requires a minimum of 8 years of experience, 6 years with Bachelor's degree in a related field.

Functional Responsibility: Responsible for all activities relating to the operation of centralized data processing equipment and peripheral information systems equipment. Establishes detailed schedules for the utilization of all equipment in the computer operations section to obtain maximum utilization. Assigns personnel to various operations and directs their activities. Reviews and evaluates work and prepares performance reports. Confers with and advises subordinates on administrative policies and procedures, technical problems, priorities, and methods. Consults with personnel in other information systems sections to coordinate activities.

Minimum Education: A.A., B.A. or B.S. degree.

Commercial Job Title: **Consultant-Senior** **Rate: \$132.58**

Minimum/General Experience: This position requires a minimum of 8 years of experience.

Functional Responsibility: Works with end user groups to evaluate and solve technical problems. Evaluates existing systems and/or user need to analyze, design, recommend, and implement system changes.

Minimum Education: B.A. or B.S. degree.

Commercial Job Title: **Continuous Monitoring Specialist** **Rate: \$160.43**

Minimum/General Experience: This position requires a minimum of 10 years of generalized experience, with 2 years of experience supporting policy development.

Functional Responsibility: Provides the on-going observation, assessment, analysis, and diagnosis of an organization's cybersecurity posture, hygiene, and operational readiness. Integrates core components and capabilities across multiple security-domains and organizational levels to provide global situational awareness and visibility in support of areas of operations that has a direct impact on or can potentially interact with mission operations. Incorporates enterprise-wide 'collect-once, reuse-many' structure and solutions such that each domain fits into a scheme to delineate a comprehensive 'snapshot in time' that explains the environment from multiple mission areas of operations.

Minimum Education: B.S. degree in computer science, engineering or a related discipline.

Commercial Job Title: **Cyber Offensive Operations** **Rate: \$150.49**

Minimum/General Experience: This position requires a minimum of 10 years of generalized experience, with 2 years of experience supporting cloud technologies.

Functional Responsibility: Responsible for performing technical and non–technical cyber functions and services in support of cyber offensive missions. Participates in enabling operations and intelligence collection missions conducted through the use of computer networks to gather data from target or adversary information systems and/or networks. Supports actions and activities taken through the use of computer networks to disrupt, deny, degrade, or destroy information resident in computers and computer networks, or the computers and networks themselves.

Minimum Education: B.S. degree in computer science, engineering or a related discipline.

Commercial Job Title: **Cyber Defensive Operations** **Rate: \$186.19**

Minimum/General Experience: This position requires a minimum of 5 years of experience in support of information technology security mechanisms.

Functional Responsibility: Responsible for performing technical and non–technical cyber functions and services in support of cyber defensive missions. Supports actions and activities taken to protect, monitor, detect, analyze, diagnose, and respond against unauthorized activity within computer networks.

Minimum Education: A.A., B.A. or B.S. degree.

Commercial Job Title: **Cyber Test and Evaluation** **Rate: \$142.21**

Minimum/General Experience: This position requires a minimum of 5 years of experience in support of information technology systems.

Functional Responsibility: Participates in independent and focused threat–based efforts that simulate an interdisciplinary, simulated adversary to expose and exploit vulnerabilities as a means to improve the security posture of information systems and networks. As an essential gauge of cyber operational readiness, their components, and the networks that sustain their operations, this independent and threat–based effort may be divided into two categories: (1) exercise related activities, where the cyber operator simulates an opposing force and is focused on improving readiness and assesses the performance of their people executing operations supported by their technology and (2) network penetration testing activities, where cyber operator provides security testing in an attempt to primarily circumvent the technology security features of a system based on their understanding of the system design and implementation.

Minimum Education: A.A., B.A. or B.S. degree.

Commercial Job Title: Database Administrator **Rate: \$70.71**

Minimum/General Experience: This position requires a minimum of 5 years of experience, 3 years with a Bachelor's degree. Specialized certifications may also be required.

Functional Responsibility: Participates in the design, creation, and maintenance of computerized databases. Responsible for quality control and auditing of databases to ensure accurate and appropriate use of data. Works with management to develop database strategies to support company needs. Consults with and advises user son access to various databases. Works directly with users to resolve data conflicts and inappropriate data usage. Directs the maintenance and use of the corporate data dictionary.

Minimum Education: A.A., B.A. or B.S. degree.

Commercial Job Title: Information Assurance Systems/Network Specialist
Rate: \$85.74

Minimum/General Experience: This position requires a minimum of 12 years of experience. Specialized certifications may also be required.

Functional Responsibility: Installs, configures and maintains organization's operating systems. Analyzes and resolves problems associated with server hardware, NT, applications software. Detects, diagnoses, and reports NT related problems on both NTserver and NT desktop systems. Performs a wide variety of tasks in software/hardware maintenance and operational support of NT Server systems.

Minimum Education: B.A. or B.S. degree in computer science, engineering or a related discipline.

Commercial Job Title: Information Systems Auditor-Senior **Rate:**
\$112.12

Minimum/General Experience: This position requires a minimum of 8 years of experience. Specialized certifications may also be required.

Functional Responsibility: Under general direction, audits the most complex new and existing information systems applications to ensure that appropriate controls exist, that processing inefficient and accurate, and that information systems procedures are in compliance with corporate standards. Competent to work at the highest level of all phases of information systems auditing.

Minimum Education: B.A. or B.S. degree.

Commercial Job Title: IT Subject Matter Specialist **Rate: \$106.06**

Minimum/General Experience: This position requires a minimum of 15 years experience. Specialized certifications may also be required.

Functional Responsibility: Provides extremely high-level subject matter proficiency for work described in the task. Provides advanced technical knowledge and analysis of highly specialized applications and operational environment, high-level functional systems analysis, design, integration, documentation, training, and implementation advice on complex problems that require doctorate level knowledge of the subject matter for effective implementation.

Minimum Education: None.

Commercial Job Title: Network Engineer-Senior Rate: \$114.91

Minimum/General Experience: This position requires a minimum of 10 years experience, 8 years experience with a Bachelor's degree. Specialized certifications may also be required.

Functional Responsibility: Under general direction, manages the purchase, installation, and support of network communications, including LAN/WAN systems. Responsible for evaluating current systems. Works on complex problems where analysis of situation requires in-depth evaluation of various factors. Plans large-scale systems projects through vendor comparison and cost studies. Provides work leadership and training to lower level network engineers. Requires expert knowledge of LAN/WAN systems, networks, and applications.

Minimum Education: A.A., B.A. or B.S. degree in computer science, engineering or a related discipline.

Commercial Job Title: Network Systems Administrator Rate: \$66.29

Minimum/General Experience: This position requires a minimum of 8 years experience, 5 years experience with a Bachelor's degree. Specialized certifications may also be required.

Functional Responsibility: Provides first level guidance/direction (either as a full-time supervisory position or on a project management basis) to network operation and maintenance analysts, technicians, and/or engineers. Performs technical analysis of complex software, hardware, and transmission facility using various diagnostic tools in support of efficient network operations. Provides guidance/direction for engineering efforts and test and evaluation programs. Performs on-site engineering when required. Typically requires five years of experience in operations, maintenance, and sustained engineering of LAN to WAN internetworking. Frequently reports to regional Manager or Operations Manager.

Minimum Education: A.A., B.A. or B.S. degree in computer science, engineering or a related discipline.

Commercial Job Title: **Project Manager** **Rate: \$141.43**

Minimum/General Experience: This position requires a minimum of 10 years experience, 8 years experience with a Bachelor's degree. Specialized certifications may also be required.

Functional Responsibility: Responsible for all aspects of the development and implementation of assigned projects and provides a single point of contact for those projects. Takes projects from original concept through final implementation. Interfaces with all areas affected by the project including end users, computer services, and client services. Defines project scope and objectives. Develops detailed work plans, schedules, project estimates, resource plans, and status reports. Conducts project meetings and is responsible for project tracking and analysis. Ensures adherence to quality standards and reviews project deliverables. Manages the integration of vendor tasks and tracks and reviews vendor deliverables. Provides technical and analytical guidance to project team. Recommends and takes action to direct the analysis and solutions of problems.

Minimum Education: A.A., B.A. or B.S. degree.

Commercial Job Title: **Program Manager** **Rate: \$154.68**

Minimum/General Experience: This position requires a minimum of 12 years experience. Specialized certifications may also be required.

Functional Responsibility: Responsible for the portfolio management of projects operating under the similar strategic objectives. Manages resource allocation and all stakeholders. Ensures metric review of quality standards and reviews project deliverables. Manages the integration of project deliverable into organization's strategic objectives.

Minimum Education: B.A. or B.S. degree.

2. Maximum Order (All dollar amounts are exclusive of any discount for prompt payment):

The maximum dollar value of orders to be issued is \$500,000.00

3. Minimum Order:

The minimum dollar value of orders to be issued is \$100.00

4. Geographic Coverage (Delivery Area):

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or

consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- ☐ The Geographic Scope of Contract will be domestic and overseas delivery.
- ☐ The Geographic Scope of Contract will be overseas delivery only.
- ☒ The Geographic Scope of Contract will be domestic delivery only.

For Special Item Number 132-53 Wireless Services ONLY, if awarded, list the limited geographic coverage area:

5. Point(s) of Production: None

6. Prices shown are NET Prices; Basic Discounts have been deducted.

7. Quantity Discounts: None

8. Prompt Payment Terms: Net 30 days from receipt of invoice or date of acceptance, whichever is later.

9a. Cyber Security Research and Solutions will accept the credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders.

9b. Cyber Security Research and Solutions will not accept the credit card for payments above the micro-purchase threshold.

10. Foreign Items (list items by country of origin): N/A

11a. Time of Delivery

Delivery is negotiated with the Ordering Activity at the Task Order level.

11b. Expedited Delivery: N/A

11c. Overnight and 2-Day Delivery: N/A

11d. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the

ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract

12. F.O.B. Point(s)

13a. Ordering Address(es)

CSRS-Corp's Ordering Address: 1014 Bran Drive, LaPlata, MD 20646

13b. Ordering Procedures:

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies for services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

14. Payment Address:

CSRS-Corp's Payment Address: 1014 Bran Drive, LaPlata, MD 20646

CONTRACT TERMS AND CONDITIONS

15. Warranty Provision

CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.

(2) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

16. Export packing charges: N/A

17. Credit cards will not be acceptable for payment above the micro-purchase threshold.

18. Terms and conditions of rental, maintenance and repair: N/A

19. Terms and Conditions of Installation

INSTALLATION, DEINSTALLATION, REINSTALLATION

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies. The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

20. Terms and conditions of repair part indicating date of parts price list and any discounts from list prices – N/A

20a. Terms and conditions of any other services – N/A

21. List of service and distribution points (if applicable): N/A

22. List of participating dealers (if applicable): N/A

23. Preventative maintenance (if applicable): N/A

24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants.): N/A

24b. SECTION 508 COMPLIANCE

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

www.csrscorp.com

The EIT standard can be found at: www.Section508.gov/.

25. Data Universal Number System (DUNS): 82-903-0142

26. Contractor has registered with the Central Contractor Registration Database (CCR)
